

Milton Foundation for Education Celebration succeeds

April, 17, 2014

Milton Times - The Milton Foundation for Education is thanking the supporters who turned out April 12 for their annual Celebration for Education fundraiser for the Milton Public Schools, held at the Boston Marriott Quincy. This year's event utilized the theme "Power Up for Digital Education" and featured a twist on their regular auction with smartphone bidding.

The event brought out many of the town's officials and committee members as well as residents eager to show their support for the efforts of the MFE and the Milton Public Schools. Alumni honorees at the event were Paul Fitzgerald (class of 1978) and Suzanne Lombardi (class of 1980).

Sponsors of the event included Beth Israel Deaconess Hospital-Milton and Curry College, as well as many individual sponsors.

The winner of the Jeep raffle was John Grealish of West Roxbury who told the MFE that he will forgo accepting the vehicle and opt for the cash equivalent (\$20,000) to take his family to Ireland this summer.

Those who were unable to attend the event but would like to show their support can still make a donation on the MFE's website, www.miltonfoundationforeducation.org.

The foundation's next event the 16th annual Monster Dash, will be held in October at a date to be determined.
